The FACT Act added several new provisions to the Fair Credit Reporting Act of 1970 (FCRA). 15 U.S.C. 1681 *et. seq.* Section 114 of the FACT Act, 15 U.S.C. 1681m(e), amends section 615 of the FCRA and directs the Office of the Comptroller of the Currency, Board of Governors of the Federal Reserve System, Federal Deposit Insurance Corporation, Office of Thrift Supervision, National Credit Union Administration, and Federal Trade Commission (hereafter referred to as "Agencies") to issue joint regulations and guidelines regarding the detection, prevention, and mitigation of identity theft, including special regulations requiring debit and credit card issuers to validate notifications of changes of address under certain circumstances.

Section 114 of the FACT Act requires the Agencies to jointly issue guidelines for financial institutions and creditors regarding identity theft with respect to their account holders and customers. Section 114 also directs the Agencies to prescribe joint regulations requiring each financial institution and creditor to establish reasonable policies and procedures for implementing the guidelines, to identify possible risks to account holders or customers or to the safety and soundness of the institution or creditor.

In developing the guidelines, the Agencies identified patterns, practices, and specific forms of activity that indicate the possible existence of identity theft. The guidelines must be updated as often as necessary, and cannot be inconsistent with the policies and procedures issued under section 326 of the USA PATRIOT Act, 31 U.S.C. 5318(l), that require verification of the identity of persons opening new accounts. The Agencies also must consider including reasonable guidelines that would apply when a transaction occurs in connection with a consumer's credit or deposit account that has been inactive for two years. These guidelines would provide that in such circumstances, a financial institution or creditor, "shall follow reasonable policies and procedures" for notifying the customer, "in a manner reasonably designed to reduce the likelihood of identity theft."

Pursuant to these directions, the Agencies published a joint notice of proposed rulemaking (NPRM) in the Federal Register that proposed rules and guidelines to implement section 114 and create a program (hereafter referred to as "Program") designed to comply with rules and guidelines. Based upon the Agencies' proposal and comments received, the Agencies issued final rules and guidelines.

Section 1- Red Flag Rules Background and Executive Summary (cont)

The final rules require the Program to address accounts where identity theft is most likely to occur. The final rules describe which financial institutions and creditors are required to have a Program, the objectives of the Program, the elements that the Program must contain, and how the Program must be administered.

Under the final rules, only those financial institutions and creditors that offer or maintain "covered accounts," must develop and implement a written Program. A covered account is: (1) an account primarily for personal, family, or household purposes, that involves or is designed to permit multiple payments or transactions, or (2) any other account for which there is a reasonably foreseeable risk to customers or the safety and soundness of the financial institution or creditor from identity theft. Each financial institution and creditor must periodically determine whether it offers or maintains a "covered account."

The final regulations provide that the Program must be designed to detect, prevent, and mitigate identity theft in connection with the opening of a covered account or any existing covered account. In addition, the Program must be tailored to the entity's size, complexity and nature of its operations.

The final regulations list the four basic elements that must be included in the Program of a financial institution or creditor. The Program must contain "reasonable policies and procedures" to:

- Identify relevant Red Flags for covered accounts and incorporate those Red Flags into the Program
- Detect Red Flags that have been incorporated into the Program;
- Respond appropriately to any Red Flags that are detected to prevent and mitigate identity theft; and
- Ensure the Program is updated periodically, to reflect changes in risks to customers or to the safety and soundness of the financial institution or creditor from identity theft.

The regulations also enumerate certain steps that financial institutions and creditors must take to administer the Program. These steps include obtaining approval of the initial written Program by the board of directors or a committee of the board (or senior management if there is no board of directors), ensuring oversight of the development, implementation and administration of the Program, training staff, and overseeing service provider arrangements.

Section 1- Red Flag Rules Background and Executive Summary (cont)

The regulations note that financial institutions and creditors should be mindful of other related legal requirements that may be applicable, such as:

- (A) For financial institutions and credits that are subject to 31 U.S.C. 5318(g), filing a Suspicious Activity Report in accordance with applicable law and regulation;
- (B) Implementing any requirements under 15 U.S.C. 1681c-1(h) regarding the circumstances under which credit may be extended when the financial institution or creditor detects a fraud or active duty alert;
- (C) Implementing any requirements for furnishers of information to consumer reporting agencies under 15 U.S.C. 1681s-2, for example, to correct or update inaccurate or incomplete information, and to not report information that the furnisher has reasonable cause to believe is inaccurate; and
- (D) Complying with the prohibitions in 5 U.S.C. 1681m on the sale, transfer, and placement for collection of certain debts resulting from identity theft.

In addition, because the Federal Communications Commission's (FCC's) Customer Proprietary Network Information (CPNI) rules¹ include requirements regarding a specific form of identity theft (pretexting), telecommunications carriers are required to comply with the procedures they have established in response to those rules.

ROCHESTER TELEPHONE COMPANY CPNI MANUAL

Executive Summary

Federal Communication Commission (FCC) Customer Proprietary Network Information (CPNI) rules require that ROCHESTER TELEPHONE COMPANY ("Company") and its employees must take reasonable measures to discover and protect CPNI.

CPNI is information that is obtained due to the carrier-customer relationship and is not public knowledge. CPNI includes call detail and non-call detail. CPNI call detail information examples include, but are not limited to, information such as the calling number, called number, and the length of time for a call. Non-call detail information is account information contained in the bills to a customer pertaining to local exchange and/or toll services, such as calling features, calling plan subscribed to, dollar amounts, etc.

The Company must train its personnel as to when they are and are not authorized to use or distribute CPNI, and the Company must have an express disciplinary process in place to be used in the event that a CPNI breach occurs.

The Company must have an officer sign a compliance certificate on an annual basis (due March 1st of each year for the prior year), which includes an explanation of any actions taken against data brokers, as well as a summary of all consumer complaints received in the previous year regarding the unauthorized release of CPNI.

In addition, the Company must establish a supervisory review process regarding carrier compliance for outbound marketing situations and must also maintain records of carrier compliance. Specifically, sales personnel must obtain supervisory approval by the CPNI Compliance Officer of any proposed outbound marketing request for customer approval.

The Company is required to notify both law enforcement and customers in the event of a CPNI breach within seven days of the discovered breach; however law enforcement must be notified seven days before the customer is notified or longer if law enforcement requests a delay in notifying the customer.

The Company prohibits its employees from releasing call detail information to customers during customer-initiated telephone contact, except when the authorized customer provides a password. Further, if the authorized customer does not provide a pre-established password, the FCC prohibits the release of call detail information except by sending the information to an address of record, or by calling the customer at the telephone number of record. As an alternative, the customer may come into the office and show valid, government-issued photo identification in order to be authenticated.

The Company also requires password protection for any online account access. All account information accessed online must have a password input before obtaining access to any of the account information. (Note: Password, whether for call detail or online access, must not be based on readily available historical information such as a social security number, mother's maiden name, etc.)

The Company is required to notify the customer immediately when a password, customer response to a security question is utilized for the authentication for lost or forgotten passwords, online account, or address of record is created or changed. This notification must be generic and not state the specifics of the change or activity. For example if the address of record was changed, the Company must not provide the new address, but only state the address was changed.

The Company must obtain opt-in consent from a customer before disclosing a customer's CPNI to a joint venture partner, independent contractor, or a third party for the purpose of marketing communications-related services to that customer.

For business customers, if the Company has established a dedicated account representative for a particular business customer and the Company has a contractual agreement with that business customer that specifically addresses the carrier's protection of CPNI, then the contract CPNI requirements shall replace the FCC CPNI requirements contained in this manual.

The opt-out and opt-in approval requirements must be followed for marketing related services to the customer or for distribution to Company affiliates or third parties.

When customer approval of CPNI use is necessary, it may be obtained through written, oral, or electronic methods. The Company must maintain records of approval, whether oral, written, or electronic. The Company must implement a system by which the status of a customer's CPNI approval can be clearly established prior to the use of CPNI.

The company must provide notification to the customer of the customer's right to restrict use of, disclosure of, and access to that customer's CPNI. The company must maintain records of notification.

Please refer to the terms and conditions of documents reflecting such separate arrangements. Where such documents are inconsistent with the policies, procedures and information relating to service set forth herein, the terms and conditions of such separate arrangements shall apply.

Rochester Telephone Policies And Practices

The following Policies and Practices, set forth below, are terms and conditions that apply to you when you accept our Services. We may change them in the future and will notify you if that occurs. We will continue to review our Policies and Practices as part of our commitment to continually review and improve the quality of Services we provide. We will send you a written, electronic, or other appropriate notice informing you of any changes and the Effective Date. If you find the change unacceptable, you have the right to cancel your Service. However, if you continue to receive Service after the Effective Date of the change, we will consider this your acceptance of the change.

1. DEFINITIONS

As used in these Policies and Practices:

"We", "Company", "us" or "our" means Rochester Telephone Company and all affiliated entities using the brand name Rochester Telephone Company, including your local cable company, its employees, authorized agents, and its parents, subsidiaries and affiliated companies.

"You", "your" or "Customer" means the customer identified on the work order that was signed to begin your service(s) and any other person using the Services provided to you or authorized by you to access or modify your account.

"Home" means the place you live, including a single-family home, apartment, other residence, or any other type of dwelling unit, where your Service is installed.

"Service(s)" means the service(voice, data or video) and any other miscellaneous service we provide to you.

The hourly service charge is calculated using the rules and regulations of the Federal Communications Commission ("FCC"). It is designed to recover the costs of servicing, installing and maintaining customer equipment.

"Installed" means either installed or activated.

"Inside Wire" or "Inside Wiring" means the cable/wire that runs inside your home to a point 12 inches outside of your home, and includes any extra outlets, splitters, connections, fittings or wall plates attached to it.

"Equipment" means any equipment which is not inside wiring, installed in or around your home, whether or not provided by us, necessary or convenient for you to receive Services from us. Inside wiring is not Equipment.

2. PAYMENT FOR SERVICE

If you are a new customer, we may conduct a customer risk assessment and require a deposit before we install service. Rochester Telephone Company shall not discriminate in the application of its local risk assessment and deposit policy on the basis of race, color, sex, creed, religion, nationality, sexual orientation or marital status. Any risk assessments conducted by either Rochester Telephone Company or its third party credit bureau will be done in conformance with the requirements of all applicable state or federal laws.

We provide Service to you on a month-to-month basis, unless you have otherwise agreed. Charges for Service start within 2 hours after Service is installed. The charges for one month's Service, any deposits, and any installation or equipment lease fees are payable when Service is installed. After that, we will bill you each month in advance for Service (except for pay-per-view movies or events, which are sometimes billed after they are provided to you).

The bills you receive will show the total amount due and the payment due date. You agree to pay us monthly, in full, by the payment due date for that Service and for any other charges due us, including any administrative late fee(s) and related fees, charges and assessments due to late payments or nonpayments, and any returned check fees, plus other separate and additional charges as described below.

If we do not receive your payment by the due date stated on the bill, you may be charged such fees, charges and assessments, plus the other separate and additional charges.

The administrative fee(s), charges and assessments related to late payment and nonpayment are intended to be reasonable advance ESTIMATES OF COSTS RESULTING FROM LATE PAYMENTS OR NONPAYMENTS OF OUR CUSTOMER. We will tell you the amount of these fees and other separate or additional charges at or before the time you subscribe to and receive our Services, prior to the time we implement or assess new ones, and in our annual mailings to you thereafter. You may avoid these fees and other separate or additional charges relating to late payment and nonpayment by making sure that your payment is received by the due date on the bill, you agree to voluntarily pay these fees and any other separate and additional charges, fees, and assessments as a condition of receiving our Services.

We do not anticipate that you will make partial payments or pay your bill late, and the administrative late fee (s) and other related charges, fees, and assessments related to late payment and non payment are set in advance because it would be difficult to know in advance: (a) whether or not you will pay your bill on time, (b) if you do pay late, when you will actually pay your bill, if ever, and (c) what costs we will incur because of your late payment or nonpayment. We do not extend credit to our customers and the administrative fee(s), related fees, charges and assessments are not interest, a credit service charge or a finance charge. Our late fee practices may be revised to comply with applicable law.

Charges for your Service may be billed to you together with other Services that you receive from our affiliated companies or us. Payment of any such bill for multiple Services is due in full on the indicated payment due date. Any failure to pay such bill in its entirety after the due date may result in administrative or late fees and/or disconnection of Service with respect to any or all of the Services billed. Any partial payment of a bill will be allocated by us amount and between such Services and amount charged at our discretion, subject only to applicable law.

If you change the Services you receive, we may charge you a change of service fee such as upgrade or downgrade charge. If you have any questions, please ask the representative you talk to when requesting a change in Service. A listing is also provided to our customers annually in a mailing or bill stuffer.

You may pay your bill by mailing payment to the address specified on your bill. We do not assume the risk of undelivered mail. Payment shall be deemed made on the business day received by us, except that, if payment is received on a day that is not a business day, it shall be deemed received on the next business day. If we have an office that we have designated as a payment center in your area, you may deliver your payment to the payment center, and it will be deemed received when delivered or, if not on a regular business day, on the next such day. If our representative collects payment from you at your home, there may be an additional charge for that service.

You agree to pay all taxes, franchise fees, and other charges, if any, which are not or in the future may be assessed because you receive our Service.

If there are any billing errors or other requests for credit, you must bring those to our attention within six (6) months of the time you receive the bill for which you are seeking correction, unless applicable law provides for a longer period, which cannot be waived or otherwise modified. Payments received from you will be deemed to be paid voluntarily.

3. COMPANY CHANGES IN SERVICES AND CHARGES

Subject to applicable law, we have the right to change our Service and Equipment and our prices or fees, at any time. We also may rearrange, delete, add to or otherwise change the Service provided on our Basic Service or other levels of Service. If the change affects you, we will provide you notice of the change and its Effective Date. The notice may be provided on your monthly bill, as a bill insert, in a newspaper or by other reasonable METHOD OF COMMUNICATION. If you find the change unacceptable, you have the right to cancel your Service. However, if you continue to receive Service after the Effective Date of the change, we will consider this your acceptance of the change. Please take the time to read the monthly messages and to review your bill carefully to make sure your name and address are correct. You will generally be billed at the same time each month.

After notice to you of a retiring of our Services or a price increase, you may obtain changes in service tiers at no additional charge. Otherwise, changes by you of the Services you receive may result in upgrade, downgrade or change of service charges. Please refer to the Products and Services Price List we have supplied to you for details or call us at the number on your monthly bill if you have questions. A list of charges is also provided to our customers annually in a mailing or bill stuffer.

4. TERMINATION OF SERVICE

You may not assign or transfer the service without our written consent.

The provisions of these Policies and Practices, including the dispute resolution process (Section 10) shall survive termination, amendment or expiration of your relationship with the Company, your receipt of Services, or any other relationship between us.

a. Voluntary Termination. Unless you have otherwise agreed (such as where you have agreed in advance to receive Service over a specified period of time), you have the right to cancel your Service for any reason at any time by giving us notice. We will refund any balance due to you approximately thirty (30) days of the later of (i) your notice to us of the discontinuance of Service or (ii) the return of any Equipment you may have.

b. Involuntary Termination/Effect on other Rochester Telephone Company Services. Subject to applicable law, if you fail to pay your bill when it is due or fail to comply with any provision contained in these Policies and Practices, we have the right to terminate your Service or any other Service included within your bill. We may also, without limitation, require you to pay all past due charges, an installation charge, a deposit and a minimum of one month's advance charges before we reconnect your Service. Further, if you do not reconnect, any rental equipment must be returned to us. A handling fee may be charged for returned checks.

In either termination event, you will be charged an early termination fee if service is removed within 6 months of activation date. If you have a payment credit for any reason (including, without limitation, an unreturned security deposit or prepayment) at the time of your termination of service, such payment credit will be set off against any amount, which you owe us before its remittance to you.

5. EQUIPMENT

Except for the Inside Wiring, which we consider your property regardless of who installed it, the Equipment installed by us or provided to you by us belongs to us or other third parties, unless you have purchased it. We may, at our option, supply new or reconditioned Equipment to you.

You must have our prior written consent to sell or give away our Equipment, and our Equipment may only be used in your home.

If you cease to be our customer, you are responsible for returning our Equipment to our designee or us. If you move, do not leave our Equipment in your vacant home or with anyone else. Our Equipment must be returned to us or one of our representatives in working order, normal wear and tear excepted, or you will be charged the amount set for the in the current Products and Services Price List, or the revised amount of which you have subsequently been given notice, or if no amount has been specified for the particular model of Equipment involved, our replacement costs for such unreturned Equipment.

You are responsible for preventing the loss of or damage to our Equipment within your home. We suggest that our Equipment in your possession be covered by your homeowners, renters, or other insurance. You will be directly responsible for repair, replacement and other costs, damages, fees and charges if you do not return our Equipment to us in an undamaged condition.

If you have us repair or maintain the Inside Wiring, we will charge you additionally, either by the hour or flat fee, for that service. We are not responsible for problems with the operation of equipment you own (such as VCR's, home antennas, phones, computers or cable-compatible equipment) not owned by us, even if it is attached to the cable or Equipment.

None of the Equipment supplied by us outside your home or property in connection with the installation of the Equipment and service shall be deemed fixtures, or in any way part of your real property, unless you purchase our services to the extent permitted by applicable law when Service ends. We may remove the Equipment supplied by us, at our option, at any time during or following the termination of your Service, and you agree to allow us access to your home for such purposes.

We consider Inside Wiring to be your property, regardless of who may have installed it. Unless otherwise agreed upon by Company and you in writing, you will continue to be responsible for the repair and maintenance of the Inside Wire. You may install Inside Wiring, such as additional cable wiring and outlets. Regardless of who does the work, the internal wiring within your home must not interfere with the normal operations of you local cable system. Inside Wire maintenance may not be your responsibility if you rent your home. Contact your landlord or building manager to determine responsibility.

6. ACCESS TO CUSTOMERS' HOMES

You authorize us or our designees to enter into your home, in your or your representative's presence, or upon your property during normal business hours or by appointment, to install, inspect, maintain, replace, remove or otherwise deal with the Service and Equipment supplied by us. This authorization includes allowing us or such designee to be on your property outside your home at reasonable times even if you are not at home. You authorize our designee us or to make connections and perform other tasks that are necessary or desirable to enable us to provide Service to you or others, including connecting and making necessary attachments to your Inside Wiring. If you are not the owner of your home, you are responsible of obtaining any necessary approval from the owner to allow us into your home to perform the functions specified above. In additions, you agree to supply our designee, or us if we ask you to, with: (a) the owner's name, address and phone number; (b) proof that you may give us access on the owner's behalf or (c) consent from the owner of the home. You can be assured that our employees or designees are easily identified by their I.D. badges and our vehicles are clearly marked so they're easy to spot.

7. USE OF UNAUTHORIZED SERVICE AND EQUIPMENT

We provide Service to you for your use and enjoyment. You agree that the programming provided over the cable system will not be viewed in areas open to the public. The programming may not be rebroadcast, transmitted or performed, nor may admission be charged for its viewing without first obtaining written consent, in advance, from us and our programming suppliers(s). This consent may be withheld at the sole discretion of either of us.

You agree not to attach any unauthorized device to our Equipment. If you make any unauthorized connection or modification to the Equipment of any other part of the services system, you will be in breach of these Policies and Practices, and we may terminate your Service and recover such damages as may arise as a result of your breach.

Much of the Equipment necessary to receive our Services is available both from us and others. Regardless of whether you purchase such Equipment of lease such Equipment from us, you are responsible for assuring that such Equipment does not interfere with the normal operations of our local services and communications systems and devices. For example, you agree not to install anything to intercept or receive or to assist in interception or receiving, or which is capable of interception or receiving any Service offered over our cable system, unless specifically authorized to do so by us. You are responsible to pay for all Services received or otherwise provided to your household. You also agree that you will not attach anything to the Inside Wire or Equipment, whether installed by you or us, which singly or together results in a degradation of our cable system's signal quality or strength. You may not attach any device or equipment to your Inside Wiring in a way that impairs the integrity of our systems. Services or signals provided by us which are carried on or transmitted through the Inside Wire or Equipment provided by us may not be commingled with signals or services provided by others.

We can recover damages from you as provided by applicable law for tampering with any of our Equipment or any other part of our cable system or for receiving unauthorized service.

You must return our Equipment when you are no longer a customer. In the future, you may also choose to buy Equipment from an independent store. However, analog converters with descrambling capabilities should only be obtained from us. In fact, should you see advertisement for cable converters that have descramblers in them (so-called "pirate boxes" or "black boxes"), you should understand that these devices may be illegal to sell or use, unless authorized by us. Because of the need to protect our scrambled Service, we will not authorize the use of any analog converter/descrambler purchased at a retail store must be authorized by us through the use of a special security device. People who use illegal converters/descramblers may be stealing cable service. This practice may unfairly result in increased price to our honest customers.
